

Available through the normal MyScouting login, Training Validation allows the user to look up the ScoutNet Training Records for ANY registered leader. You can look up yours or another Scout Leader's records in one of two ways: all training courses available in the system, or just Youth Protection Training taken in the past 2 years.

Training Validation is a new menu item located under E-Learning on the left hand side menu. Clicking on Training Validation opens a new Training Search window. A link for "Advanced Search" allows for the input of a Scouter's name. A help button on the upper right side of the web page (the question mark) can also provide assistance.

Before completing the Training Records Update Form, you should login into MyScouting and confirm whether or not your official training record is up to date.

Please use this form to request an update to your Blue Grass Council Training Record, to reflect completion of the following course(s). Once you complete this form, clicking on "submit" will generate an e-mail to the Council Training Coordinator, who will update your records, generally within 10 days.

Questions? Contact the Council Office at 859-231-7811.

Full Name Please enter your first and last name.	
BSA Membership ID Number Please enter you number as it appears on your membership card. If you have a question about this, please call us at 859-231-7811.
